

# CableConnS

## Flat Cable for AeroSpace/ Mil/ Semi/ Automation

### Any Connector

- 'D' Sub, Micro 'D', and Nano connectors for small gauge wire
- Circular connectors, Mil-Spec and Industrial
- Lightweight Fiberglass 'Header' Connectors machined in-house
- Assemblies available with virtually any connector

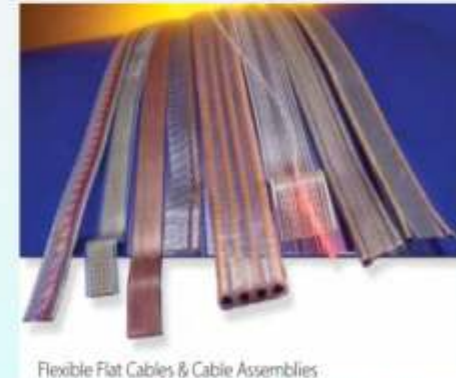

### Custom Shapes - Formed Cables

- Custom shaped cable assemblies fit precisely into compact spaces
- Complex formed shapes possible, using our 3D modeling software
- Formed cables retain all performance characteristics, including flexibility

#### Torsional Flex

Cables are easily slit for Torsional Flexing.

Flexible Flat Cables & Cable Assemblies

# CableConnS

## Flat Cable for AeroSpace/ Mil/ Semi/ Automation

### Low Friction Options

### Military/Aerospace

### Semiconductor Equipment

### Medical

### Industrial Automation/Motion Control
